

## Highlights

- Experienced software developer with **9+ years in the software industry**, specializing in large-scale e-commerce platforms generating millions in revenue.
- Expertise with Salesforce's SFRA platform, ReactJS, Svelte, JavaScript, TypeScript, and other modern frameworks and technologies.
- Skilled in Agile methodologies (**Scrum Certified**), excelling in sprint planning, story pointing, and iterative development processes.
- Proven leadership in mentoring, team collaboration, and driving technical innovation on high-impact projects.

## Experience

### Senior Software Engineer

Nov 2023 – Present

iRobot

- Led development of critical features, including gift card purchasing and redemption, and self-service returns using Salesforce's SFRA architecture.
- Led development of Salesforce's Composable Platform, PWA Kit, integrating it into the mobile app to enhance performance and deliver a seamless user experience.
- Acted as a technical resource for team members while simultaneously leading projects and contributing as a developer.
- Key contributor in Agile ceremonies, including Sprint Planning, Refinement, and Retrospectives.

### Senior Frontend Developer

Feb 2022 – Nov 2023

iRobot

- Mentored junior developers while leading the frontend team in implementing enhancements and new features.
- Re-architected Salesforce "Personalization" codebase, significantly improving performance and maintainability.
- Contributed as a fullstack developer, delivering optimized solutions within the Salesforce SFRA platform.

### Senior Developer

May 2021 – Feb 2022

WESCO

- Led frontend architecture and development for a new e-commerce platform built with Magento, AEM, and ReactJS.
- Developed key components for the platform, serving both B2B and B2C brands.
- Member of the "SWAT Team," responsible for accelerating platform launch and ensuring high-quality deliverables.

### Frontend Developer

Aug 2020 – Apr 2021

DMI

- Re-platformed a client's website from a legacy system to ReactJS with Server-Side Rendering (SSR).
- Integrated GraphQL-powered ratings and reviews, and migrated the client's blog from Drupal to the new site.
- Seamlessly integrated Adobe Experience Manager (AEM) components for real-time site updates.

### eCommerce Frontend Developer

Jun 2018 – Aug 2020

WESCO

- Spearheaded the migration of a legacy codebase to ReactJS, optimizing workflows with custom Webpack configurations.
- Introduced TypeScript to the frontend codebase, improving productivity and reducing bugs.
- Delivered key features, including Product Families, Product Compare, and Google Analytics integration.

### Frontend Developer

Jan 2018 – Jun 2018

DICK'S Sporting Goods

- Led high-impact e-commerce initiatives, directly contributing to increased company revenue.
- Oversaw junior developers, providing technical mentorship and project guidance.

## Associate Frontend Developer

Feb 2017 – Jan 2018

DICK'S Sporting Goods

- Developed dynamic checkout flows using HTML, SCSS, and JavaScript.
- Worked closely with cross-functional teams to implement design and functionality improvements.

---

## Web Developer

May 2016 – Feb 2017

EZToUse.com

- Built custom WordPress themes and integrated PHP, MySQL, and JavaScript for client-specific solutions.

---

## Web Dev Intern & IT Technician

Jul 2015 – May 2016

DICK'S Sporting Goods

- Enhanced intranet functionalities with HTML, CSS, and Bootstrap.
- Provided IT support and documented technical solutions.
